Maybe the requirements for accessing the course should be more strict, as there is a lot of speaking involved.

Everything was fine

## 7. Which activities or topics did you consider the most attractive or interesting?

Learning to effectively communicate to obtain my objective when publicly speaking.

De-stressing exercises were fun, working in groups was nice, reciting our favorite songs as a result of what was learned in the lessons, it was very good to summarize the course

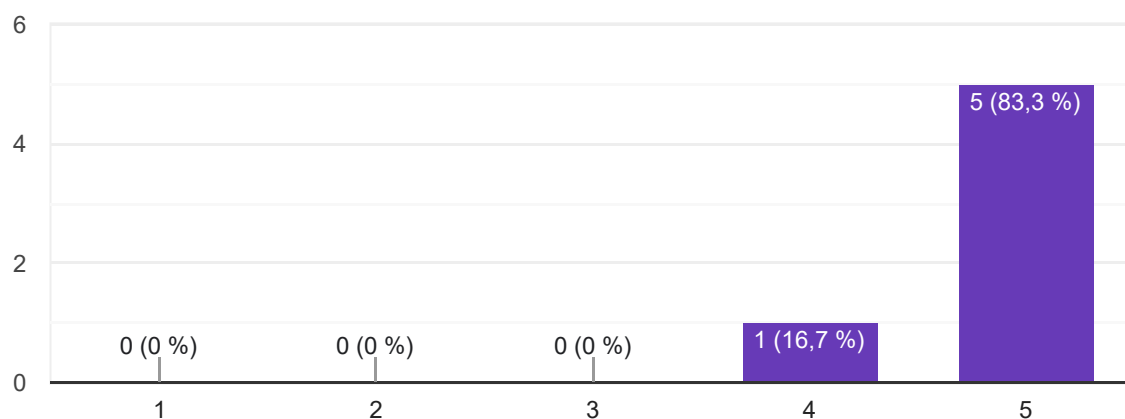

I think chunking was the topic I like the most

The final activity was amazing, Juan Ignacio Durán is a great teacher.
